

COLORADO
 Hazardous Materials
 & Waste Management Division
 Department of Public Health & Environment

Colorado Smelter Superfund Site Update: April 2015

- Over the next several months, EPA, our contractor Pacific Western Technologies and the State Health Department will be in the Eilers/Bessemer neighborhoods to investigate future sampling locations. Once the sampling plan is complete, EPA will start to sample homes where we have consent for access.
- If you have previously signed a consent for access form, you will be contacted before any sampling on your property begins. If you have not signed a consent for access form and want to do so, please contact Christopher Wardell (see contact info below).
- If you see us in your neighborhood and have questions, please feel free to ask us.

Questions? Contact:

Christopher Wardell
 Community Involvement Coordinator
 U.S. EPA, Region 8
 Toll Free: 800-227-8917, ext. 312-6062
 Email: wardell.christopher@epa.gov

Jeannine Natterman
 Public Involvement Coordinator
 Colorado Department of Public Health and Environment
 Toll Free: 888-569-1831, ext. 3303
 Email: jeannine.natterman@state.co.us

Visit the EPA website at www.2.epa.gov/region8/colorado-smelter

Para asistencia en español por favor comuníquese con Jasmin Guerra a 800-227-8917, ext. 312-6508 (llamada gratuita).
