Facilitator's Tracking Document
Outstanding items ONLY
As of November 5,2015

Date of Input	CAG Input/Decision	Government Response	Task Completed
2-5-15	David Webb asked EPA to provide additional information regarding what information EPA will file with the County when properties are sampled and after cleanup.	EPA provide some information on this at the 2/10/15 meeting but generally stated that these decisions will be made after more information about the contamination has been gathered.	Ongoing.
4-14-15	Vitalization Workgroup and EPA seek solutions for potential lender liability issues and report back at May 2015 CAG meeting.	In certain cases, EPA can prioritize when sampling can take place on certain properties. EPA can work with homeowners/real estate community to provide documentation that may exists on a property as it pertains to EPAs work on that property	Ongoing.
7-14-15	EPA will share the draft Sampling Plan with the CAG Sampling Workgroup. During the CAG workgroup meeting, the group will also discuss what sampling data will be publicly available.	EPA shared the Sampling Plan for the pilot project with the Sampling workgroup on August 12. EPA plans to share the full draft Sampling Plan in late August. The agency states that the full Sampling Plan will be finalized by the end of September. Update 9/24/15: EPA is working on setting a meeting with the workgroup. Update: 10/13/15	Ongoing.

		EPA held a Sampling workgroup meeting and discussed the pilot sampling plan and how the full sampling plan may differ.	
8-11-15	CAG requests Pueblo City-County Health Department develop a publicly available database to show whether the lead levels for children in the neighborhood are decreasing.	The Health Department agreed to provide such a database, noting that personal health data cannot be shared with the public, but trends can be shown.	Ongoing.
8-11-15	Public Involvement Workgroup will work with EPA Public Involvement staff and PCCHD to review methods of outreach to the diverse community. This group will also work with the EPA to consider all public feedback on the TASC document. Notice for the next Work Group meeting will be shared with the full CAG and mailing list.		9/8/2015: Workgroup provided input on TASC document. Other activities are ongoing.
8-11-15	The Vitalization Workgroup asked Terry Hart and John Cordova to follow-up with their elected colleagues regarding the idea of developing a state fund to guarantee loans in the area. The two will also	Terry and John agreed to report back to the Workgroup and the larger CAG. 10-13-15. Terry reported that he will get a letter to HUD this month. October, 2015 HUD	Ongoing.

	talk about the idea of making this a broader urban renewal effort.	had a meeting in Pueblo with leaders and public. Report back will occur at November CAG meeting.	
9-8-15	<p>EPA will respond to the following questions at the October meeting:</p> <p>What is the best way for the CAG and public to engage the services of Skeo?</p> <p>Why haven't some in the community received information and what can EPA or Skeo do to address this concern?</p> <p>Can Skeo, EPA, and/or the Health Department give additional consideration to the long- term effects of lead and arsenic upon the elderly in the community?</p> <p>Can Skeo's reports and regular updates be placed on the web?</p>		
10-13-15	EPA provide CAG with simple talking points summarizing DMA (pilot sampling) data		
10-13-15	Pueblo Health Department provide talking points on ATSDR report		
10-13-15	EPA will begin soil sampling of properties in November 2015.		

10-13-15	EPA will share CAG comments regarding the visioning workshop with Skeo. EPA will report back to the CAG regarding next steps and appropriate places for CAG input.
